ARCHITECTURAL FORM

The hyper form is characterized by subtle contours and fluid lines. From every angle, the facade offers a new perspective, creating a visual mystique — an exquisite sculptural work forming a spirited sense of flow and movement.

ENTHUSED BY THE FRENCH RIVIERA

Imagine waking up to the sound of waves crashing on the shoreline and stepping out on to your terrace to soak in the enthralling views of your own private beach. The hyper form is inspired by the flair of the French Riviera, depicting L' Art de Vivre.

BUGATTI DNA

Drawing inspiration from Bugatti's iconic super cars, the hyper form is designed to embody the essence of the brand's ingenious and visionary spirit, evoking the sense of exuberance and refinement found at Bugatti. The hyper form features high-end finishes, exquisite craftsmanship, and the latest state-of-the-art smart home system derived from the Bugatti DNA — always challenging the impossible.

THE CONCEPT

A NEW ICON IN THE CITY

The birth of an icon - the hyper tower is poised to become a landmark of architectural prowess, derived from the Bugatti and Bingham DNA. Inspired by the world's most eminent structural masterpieces, Bugatti Residences by Bingham is not a mere addition to city's skyline but a new icon that will stand the test of time.
